

Provide funds for Medical Care & Change a Child's Life...

A successful initiative of the Mwandi UCZ OVC Project has been the development of an ongoing relationship with the Beit Cure Paediatric Hospital in Lusaka, the capital city of Zambia.

This partnership has enabled over 300 children with disabilities and injuries to receive first-class, life-changing treatment. This initiative also enables the family members of patients to travel to Lusaka with them for support, and to learn how to care for them back at home.

We aim to send 3-6 children per month to Lusaka for medical treatment in 2017 and need your help to continue this life-changing program!

Our medical program relies on volunteer contributions so please help us to continue to make a difference to the lives of the orphans & vulnerable children of Mwandi Village (& surrounding communities) who require medical care...

YES! I would like to support the Mwandi OVC Project Medical Support Program and change a child's life...

Please find my details below:

Name:

Address:

.....

Email: Phone:

Please find enclosed:

a cheque/money order for \$ made out to: Mwandi OVC Project Support Team Inc.
(Australian cheques only please)
